ISO 50001:2011 Auditor/Lead Auditor CQI IRCA Training (17800)

Course Summary

This 5-day training is designed to give you the relevant skills and knowledge to carry out audits of Energy Management Systems (EnMS). The training provides an opportunity for both Environmental and Energy management professionals to update their skills in interactive and supportive surroundings.

Course Objectives

At the end of the course, the participants will be able to:
• Describe the purpose of an EnMS, EnMS standards, management system audit and third-party certification
• Explain the role of an auditor to plan, conduct, report and follow-up an EnMS audit
• Plan, conduct, report and follow-up an audit of an EnMS
