

NEA Environment Champion Workshop Series 2015

Module	Workshop Date	Module Description
Engage: Project Management*	<ul style="list-style-type: none"> • 6th & 7th Jul 15 • 2nd Feb 16 	This 1.5-day workshop focuses on practical training in project management that helps new ECs to conceptualise, manage and publicise environmental programmes for their organisations. Interactive group work will be conducted for participants to practise soft skills (e.g. brainstorming, ideas pitching and public speaking etc.). Participants also gain further insights through the educational site visit and sharing sessions by veteran NGO and corporate partners of NEA.
Discover: Systems Thinking**	29 th Sep 15	This module teaches ECs to use Systems Thinking to develop holistic environmental initiatives from a macroscopic perspective. Systems Thinking is a useful tool that can help you reduce uncertainty in decision making, and respond to changing conditions quickly.
Innovate: Design Thinking**	5 th Oct 15	This module equips ECs to develop effective environmental programmes by adopting a consumer-centric approach that matches user needs with possible solutions to facilitate and influence positive behavioural change.
Volunteer Management***	30 th Oct 15	This module will focus on the key volunteer management principles and equip the participants with volunteer supervisory skills. After the workshop, participants should be able to apply best practices on volunteer management that are relevant to their outreach programmes.
Social Entrepreneurship***	25 th Nov 15	This module equips participants with knowledge on the different definitions and conceptualisation of social entrepreneurship and the various tools used to build a successful social enterprise. After the workshop, participants will be to apply skillsets and best practices learnt to develop and execute sustainable business plan that achieve positive social and environmental change.

* Basic course for any Corporate and/or NGO representatives to qualify as Environment Champion.

** Prerequisite for attending: Participants must have attended basic workshop Project Management module before.

*** Open to all NGO representatives. Corporate representatives must have attended the basic workshop Project Management workshop before.
