Learn about the Business Excellence Initiative

Business Excellence Initiative

In today's fast changing and interconnected world, enterprises are actively pursuing sustainable growth for long-term survival. Regardless of industry, size, structure or stage of development, organisations need to enhance their business management capabilities to be successful.

Business excellence is about developing and strengthening the management systems and processes of organisations so as to deliver superior results for their stakeholders.

The business excellence initiative helps organisations to know where they are on the excellence journey and what they need to do to achieve a higher level of performance. This is done through an assessment of an organisation's performance against the requirements of an internationally benchmarked business excellence framework. It also recognises organisations for their performance on the business excellence framework.

Why attend

The two hour briefing will cover:

- . The overview of the business excellence initiative
- . The business excellence framework
- . The business excellence standards
- . The benefits for business excellence certified companies

Who should attend

- . Non-Certified Organisations

How much does it cost?

- . The briefing is FREE but registration is required. There is no limit to the number of participants from each organisation.

How to Sign Up

Register using the form on the reverse page and fax it to 6273 0151 or 6278 3181.
