Venue: **SBF Seminar Room 2 (21st level, Keppel Towers)**

Open to SBF, SEAS members. Pre- Registration is required

Session 1 – SBF-SEAS MOU Signing

The MoU signing between Singapore Business Federation (SBF) and Sustainable Energy Association of Singapore (SEAS) signifies a new milestone in the business collaboration towards the commercialization and adoption of clean energy and energy efficiency measures amongst Singapore companies and businesses.

Session 2 – Launch of CARBON FORUM ASIA 2009 and Carbon Market Networking Workshop

As the world readies itself for the UN Climate Change Conference (COP15) in Copenhagen at the end of the year, sustainability advocates are keeping a close eye on the Carbon Market and Emissions Trading and the important role it plays in mitigating climate change.

With 92 percent market share of confirmed transactions in the primary CDM market, Asia continues to be the pulse of CDM projects, as total transacted value in the overall carbon market reached US\$126 billion in 2008*. (State and Trends of the Carbon Market 2009, The World Bank)

Join industry and business leaders, carbon market actors, technology providers and policy makers present at this Networking Workshop to find out what are the latest developments in **An Asia Perspective on the Global Carbon Market & CDM Projects in Asia: Trends and Opportunities.**

- *2009 Linkages: Carbon Market Demand – The UNFCCC Regulators and Asian Supply*
- *The Rise of the US*
- *The Significance of Copenhagen*
- *The Implications for Asia*
- *Current State and Trends of Asia’s CDM projects market*
