

Master Class on Financing Energy Efficiency Projects

Date : 27 September

Time : 9:00am – 5:00pm

Venue Centara Grand & Bangkok Convention Centre at CentralWorld
Address: 999/99 Rama 1 Road,
Pathumwan, Bangkok 10330, Thailand

Course Overview

The course is targeted at senior level executives to understand the nature of energy efficiency (EE) projects and how the risk and cost of implementing EE solutions can be reduced. The participants will learn about proven methods and tool to assess the financial viability and associated risk of EE projects. Also participants will be updated on the various forms of financing and financial support available.

Target Audience

- Leadership Teams
- Heads of Finance, Supply & Procurement, Engineering, Energy Services

Participants will learn:

- Understanding the Nature of EE Projects (type of projects, supply change, etc.)
- Business Plan Design for EE Projects (Stakeholder Buy In, Road to Success, etc.)
- Profitability Assessment and Sensitivity Analysis (ROI, NPV, etc.)
- Risk Analysis (Cost of Capital, Technology Assessment, etc.)
- Forms of Financing (Traditional Financing, Private Equity, Capital Funds, Venture Capital, etc.)
- Contracting Solutions (Performance and Supply Contracting)
- External Grants (National and International Public and Private Organisations)
- External Evaluators
- Emissions Trading
(CDM = Clean Development Mechanism; JI = Joint Implementation Projects)

About the Trainer

Christian Rahnsch is the Managing Director of CENDID Energy Solutions Singapore and has been working and living in SE ASIA for the last decade.

Christian is passionate about sustainability and helping others to improve their own situations. This credo led Christian into his first consulting role 15 years back. Since then he has held various leadership positions in the consulting and finance industry and has worked internationally with numerous Fortune 500 companies. He has had great success in fostering change within complex global organisations and delivering cost reduction and operational improvement programs across multiple industries. Christian holds a Bachelor of Business Management from the University of Applied Sciences Cologne, Germany, a Master of Science in Business Administration from the Business School at Nanyang Technological University, Singapore and is a certified Six Sigma Black Belt.

Christian has been delivering corporate training programs for several years and has been a speaker at various international conferences.
