

Financing of Clean Energy in Asia

New

7 Professional Development Units (PDUs) to be awarded by
Professional Engineers Board, Singapore

Date : 20 June 2008

Time : 9.00 am to 5.00 pm

Venue : Sheraton Tower Singapore
39 Scotts Road
Singapore 228230

Renewable energy generation is developing and evolving at rapid pace worldwide. Global renewable energy markets have grown tremendously in the past decade. US\$148.4 billion was invested in clean energy in 2007, up 60% from \$92.6 billion in 2006 and just \$7 billion in 1995. This includes R&D, VC/PE, project finance and public markets. Strong fundamentals are in place to support a forecasted of 30% per year market growth rate over next decade. Therefore, it is essential that financial institutions have an understanding on the financial mechanisms that can be utilised to promote growth in the industry.

Objectives

At the end of the programme, participants should be able to:

- To promote investments from financial institutions in renewable energy and energy efficiency
- To provide a networking platform between financial institutions and renewable energy/energy efficiency projects and companies

Target Audience

- Banks
- Private Equities
- Hedge Funds
- Venture Capitalists
- Technologies Providers
- Renewable Energy and Energy Efficiency Developers
- Any Investors interested in Renewable Energy

Financing of Clean Energy in Asia

About SEAS

Since 2001 the predecessor of SEAS, Industry Committee for Energy Efficiency (ICEE) a part of Singapore Association for Environmental, Occupational Health and Safety Companies (SAFEco) has been conducting seminars, workshops and conferences in the area of energy efficiency and management. ICEE/SAFEco was the first organisation to launch the Specialist Diploma in Energy Efficiency in conjunction with Singapore Polytechnic.

Today, as SEAS we will be specializing in running trainings, courses and conferences only in the area of sustainable energy i.e. energy efficiency and management, renewable energy,

carbon trading as well as funding and financing of clean energy projects. SEAS aims to be the one stop, information and training provider, in the area of sustainable energy. We have as our trainers and lecturers not only highly qualified academic professionals but also industry specialists and professional that are successful and sought after practitioners in the area of Sustainable Energy. Majority of Key Qualified Personnels and Accredited Energy Services Companies are long time member of SEAS. They have as a group successfully executed a multitude of energy projects with varying complexities and demands both locally and regionally.

Financing of Clean Energy in Asia
