The Singapore Business Federation (SBF) and DTC Conference & Vision Zenith are pleased to invite you to attend the GREEN 2010 Series – Singapore-German Business Seminar on Energy, Environment and Water.

Germany enjoys an outstanding reputation throughout the world for its high-quality technical products and its practical expertise, particularly in the field of clean energy and energy efficiency. Germany is also accelerating its efforts to become the world's first industrial power to use 100 percent renewable energy. There is therefore much to gain from business and technology tie-ups between Singapore and Germany.

Besides bringing together senior business and industry executives of leading German and Singaporean companies to

share their expertise in the area of clean energy, environment and water solutions, the Seminar will also mark the signing of MOUs between Singapore Business Federation with Singapore Water Association (SWA), Ngee Ann Polytechnic (NP) and Environmental Management Association of Singapore (EMAS). Participants will also find out new developments and updates on business opportunities in Cleantech Park, Singapore's first eco-business park.

Target Audience It is targeted at government organizations, NGOs, academia, businesses that are interested in developing or have already developed expertise in the green sector such as solar energy, environmental management, waste-to-energy as well as sustainable water solutions.
