

*Invitation to Sustainable Energy Association of Spore –
Industry-to-Industry Networking Tea*

We would like to invite you to **Sustainable Energy Association of Spore (SEAS) – Industry-to-Industry Networking Tea** at the Singapore International Water Week (SIWW) 2010. The Singapore International Water Week (SIWW) 2010 is in its third year and will take place from 28 June to 2 July 2010. With a theme of "Sustainable Cities: Clean and Affordable Water", the focus for the water week 2010 will focus on the need for efficiency in our water solutions to address water problems in the region amidst a constantly changing environment.

The inaugural water week in 2008 attracted more than 8,500 delegates and visitors from 79 countries while the second edition last year surpassed the first edition with over 10,000 delegates and visitors from more than 85 countries/regions. The Singapore International Water Week has also seen more than S\$2.2billion worth of business deals inked over the 5-day event. There were also strong turnouts at the eight Country / Regional Business Forums [Australia, China, India, Europe, Japan, Middle East & North Africa, North America and Southeast Asia].

The association is pleased to be hosting a networking tea for all our members during the week. Details are as follow:

Date: Tuesday 29 June 2010

Time: 4.30pm to 5.30pm

Venue: Networking Lounge 2 (inside Water Expo)

Suntec Convention Centre Level 6, Hall 602

Please rsvp with your name and organisation by **14 May 2010**. We look forward to your support and presence.
